As some of you may have noticed we have more building works being undertaken on site. This year Governors have authorised a building programme to improve the school site. The work is nearing completion and has included new windows in Nursery and Infants, an extension to the staff car park, drainage work and new ramps within Nursery for ease of access. During the Easter break the Junior block will have their new windows fitted and new energy efficient lighting will be fitted across the school. Future projects identified by the Governors include the widening of the pedestrian gate on Turves Green.
