Mr Chambers' Academy News

HAPPY NEW YEAR!

It was fantastic to see the children return after the holidays. I hope all our families have had a great Christmas break.

The children have already settled back in to class and we have seen some fantastic work. On the other page of the newsletter you will find our termly safeguarding update for parents.

All of the information about what the children are learning about this term in class is all on the website and copies of class newsletters.

The deadline for parents applying for Reception places is 16th January 2017. Parents will be sent an email with an offer of a school place on 18th April 2017. This is arranged by the Local Authority and not school.

Information about Nursery places for next year and places for children below nursery age will be sent out early next week and also added to our website.

Don't forget to follow us on twitter if you are not doing so already!

PARENTS SAFEGUARDING UPDATE

At Albert Bradbeer we have three adults responsible for Child Protection. Whilst all staff are vigilant and you can pass concerns to any member of staff, these concerns will always be referred to:

Mr Chambers - Designated Safeguarding Lead
Miss Power - Deputy Designated Safeguarding Lead
Mr Phillips - Deputy Designated Safeguarding Lead

Parental Controls

This half term we will be talking to the children about how to stay safe online. There are things that you as parents can do, to ensure that your child stays safe online.

Mobiles and tablets

Lots of mobiles and tablets come with settings that can help you manage what your child can and can't see or do online.

When using parental controls, make sure to check things like location settings and what information your child is sharing with others.

You can get more information about setting up controls on different devices from the UK Safer Internet Centre and mobile providers such as O2, Vodafone, Three and EE. Don't forget to talk to your child about what they're doing online and how to be Share Aware.

Home broadband

Your internet provider may offer a free filter so you can control the content that you and your family see. You'll need to manually set-up any device connected to your home broadband.

How you do this depends on your provider and you'll need to access your home router or hub. It's really easy and simple to do. You can get guidance from UK Safer Internet Centre and Internetmatters.org on how to do this.

Don't forget if your child uses their device away from home, then they'll be able to connect to public WiFi which might not have the same settings.

**There is a lot of information for parents on the NSPCC website.
Please take time to have a look to make sure you are up to date with all the latest issues around safeguarding**

IF YOU EVER HAVE A CONCERN ABOUT ANY CHILD THEN PLEASE INFORM US STRAIGHT AWAY.
